

LIFE of DRAGON

You are a young dragon whose mother has been slain
by dragon slayers from a faraway kingdom.

Terrorize humans and take their gold
Sleep on this gold to gain power
Use your power to avenge your mother!

KINGDOMS

Kingdoms are the enemy of dragon but is also the source of gold. Destroy its buildings to gain gold. The more of its people and buildings you destroy, the more the kingdom will fear you. The current fear is displayed by the black flag. The more they fear you the more resistance you will face until the flag reaches the top. When it reaches the top the flag will turn white in surrender. At this point may choose to grant mercy, whereby they will give you a portion of their gold every morning as tribute. However you will have to keep an eye on them as they will betray you if they lose fear of you. Alternatively you can destroy them completely and take all of their gold, whereby after a while a new kingdom will take its place.
